Hengrui Therapeutics, Inc.

cordially invites you to share in the excitement of the launch of our company, plus a special announcement.

We are a new Princeton, NJ-based biopharmaceutical company dedicated to developing and commercializing innovative therapies to address unmet medical needs. Our current disease areas of focus are oncology and diabetes/weight loss, with multiple clinical-stage assets in the pipeline.

Within oncology, we are actively targeting breast, prostate, lung, head & neck, brain, gastric and colorectal cancers, and other types of solid tumors and hematologic malignancies.

We are firmly committed to joining the fight to cure cancer and other serious diseases.
